11:30AM-12:00PM: LUNCH (provided)

12:00PM-1:00PM Common Periop Medications

1:00PM-3:00PM: PeriAnesthesia Concerns around Pediatrics, Labor & Delivery and Geriatrics.

3:00PM-3:15PM: Break

3:15PM-4:15PM Review ASPAN Standards and Test Taking

4:15PM-4:30PM: Evaluations and CU's

Course Objectives:

1. Identify the various anesthesia agents and how they affect patient care.
2. Describe various block techniques utilized and nursing implications.
3. Outline the various potential problems and nursing interventions associated with perianesthesia nursing.
4. Describe multiple drugs utilized in the perioperative setting.
5. Discuss the particular perioperative needs associated with specific times in the life cycle.
6. Outline various ASPAN standards of care and how they impact perianesthesia nursing.

Provider approved by the California Board of Registered Nursing,

Provider #15064, for 8.6 Contact Hours

This one day work shop provides an excellent overview of perianesthesia nursing and makes an excellent review for any nurse planning to sit for the CAPA and CPAN exam.
